## ENVIRONMENTAL RESPONSIBILITY STATEMENT

---

*Family Solutions (UK) Limited is committed to ensuring that its business activities have a reduced negative impact on the environment. The Company's environmental responsibility is an integral part of its day-to-day activities and these principles are communicated and shared amongst all employees.*

The key areas of the Company's strategy to achieving this are:

- Minimise waste and usage of resources by reviewing operations regularly and ensuring that are as efficient as possible
- Use computerised forms and systems as far as is possible to promote a paperless office
- Actively promote recycling throughout the office premises, providing recycling facilities
- Ensuring effective daily processes are in place to promote the efficient use of power and water supplies
- Meet and/or exceed environmental legislation that relates to the Company
- Select suppliers that use ethically sourced products, meet or exceed environmental legislation and show an environmentally responsible work ethic
- Encouraging customers, service users and other visitors to consider their environmental responsibility, in particular when on the Company's premises
